CAPABILITY STATEMENT

Corn's Collision Center, Inc. is a family-owned, third-generation, SBA HUB Zone Certified collision repair company with 77 years of proven service excellence. Established in 1948, we are trusted by government agencies, transit authorities, and commercial fleets for our ability to deliver high-quality, efficient, and reliable repair solutions.

Core Competencies

- **Multi-Class Fleet Collision & Refinishing:** Expert repair for assets ranging from passenger automobiles to heavy-duty transit buses and emergency vehicles.
- **Strategic Fiberglass Fabrication:** In-house molding of custom sections to bypass long lead times and offer cost-saving alternatives to full-panel replacements where applicable.
- **Vehicle Downtime Mitigation:** Optimized workflow management focused on minimizing "out-of-service" time for mission-critical government assets.
- **Technical Compliance:** Strict adherence to OEM specifications and rigorous quality standards required for multi-year public sector contracts.

Experience & Contracts

Public Sector (Multi-Year Contracts)

- Texas A&M University, College Station, Texas (2009-Current)-2025-2026-IQ
- City of College Station, Texas (2017-Current) -2025-2026-\$200,000
- City of Austin, Texas (2024-Current)-2024-2030-(IQ)
- Cap Metro Austin, Texas (2024-Current) -2025-2026-\$103,000

Commercial & Fleets

- Holman Fleet (formerly ARI)
- Brazos Transit Authority
- Wheels, Inc.
- Allen Samuels Chevrolet Buick GMC
- Fleet Response

Key Differentiators

- **Legacy of Service:** With over seven decades of operation, we offer stability and a commitment to service that few competitors can match.
- **Operational Excellence:** Our facilities, systems, and processes are fine-tuned to ensure the most efficient and high-quality repairs possible.
- **Agile Adaptation to Customer Needs:** Our team and systems are designed to quickly adjust to unique client requirements, whether that means tailoring repair workflows for specialized vehicles, implementing cost-saving techniques, or reallocating resources to minimize downtime.
- **Future Scalability Commitment:** We are actively planning for future growth. In December 2024 we completed the acquisition of 8.26 acres of land for development of a new, expanded, and improved facility.
